

Outbrain announces repurchase of remaining 2.95% Convertible Senior Notes due 2026

September 23, 2024

NEW YORK, Sept. 23, 2024 (GLOBE NEWSWIRE) -- Outbrain Inc. (NASDAQ: OB), a leading technology platform that drives business results by engaging people across the Open Internet, announced today that it has repurchased all of the remaining \$118 million in aggregate principal amount of the 2.95% Convertible Senior Notes due 2026 (the "Convertible Notes") via a privately negotiated repurchase agreement with Baupost Group Securities, L.L.C., the sole holder of the Convertible Notes. The Company paid, including accrued interest, \$109.7 million in cash representing a discount to par value of approximately 7.5%. As a result, Outbrain will record a pre-tax gain of approximately \$8.8 million in the third quarter of 2024.

Following the closing of the transaction, Outbrain has repurchased the entire principal balance of \$236 million of the Convertible Notes, with no remaining debt on the balance sheet and approximately \$128 million of cash, cash equivalents and investments in marketable securities, when adjusting the balance as of August 31, 2024 for the repayment. Outbrain repurchased the initial \$118 million principal amount of the Convertible Notes in April 2023.

"Our ability to generate cash and our strong balance sheet has enabled the opportunistic repurchase of the remaining balance of Convertible Notes, which is also in anticipation of the expected closing of the Teads acquisition. We believe this transaction strengthens our balance sheet, increasing our net cash balance as we maintain ample liquidity to support our future growth," said Jason Kiviat, Outbrain's CFO.

This press release does not constitute an offer to sell or a solicitation to buy any of the Convertible Notes described herein or any securities of the Company, nor shall there be any offer, solicitation, or sale of the Convertible Notes or any securities of the Company in any jurisdiction in which such offer, solicitation or sale would be unlawful.
